### Summary of Change:

Added a CDRL/DID for Asset Identification and Reporting to the DID Library located in Procurement Tools and Resources.

### Reason for Change:

Compliance with FAA Order 4600.27D which requires that vendors apply a unique Global Individual Asset Identifier (GIAI) tag to all accountable personal property and an electronic Asset Identification Report per the Contract Data Requirements List and Data Item Description. The tag will establish a unique asset identifier for each accountable personal property asset in the FAA's Property System of Record and allow the FAA to track the asset throughout its life-cycle.

### Development, Review, and Concurrence:

This requirement has been reviewed and approved by all the LOB's during the review of the FAA Order 4600.27D, issued December 29, 2021. (APM, AAP-110, AAQ, AGC and ASAG)

**Target Audience:** Contracting personnel, investment analysis teams, acquisition workforce

**Briefing Planned:** ASAG briefed on 9/20/2022.

**ASAG Responsibilities:** ASAG Approved on 9/20/2022.

**Section / Text Location:**

AMS Procurement Policy and Guidance-Procurement Tools and Resources-SOW and DID Library-DID Library
